1. Balgir RS. Prevalence of Abnormal Hemoglobin E Gene in the Dhelki Kharia Tribal Population. *Current Scienc.* 2003, 85 (11): 1604-1608.
2. Alli R, Bhunia B, Chhotray G P, Reddy M V R and Harinath B C. Microscopic haematuria as an occult filarial infection in Bhubaneswar an endemic area for bancroftian filariasis. *Indian Journal of clinical Biochemist.* 2003; 18 (1):61 – 64. DOI: [10.1007/BF02867666](https://doi.org/10.1007/BF02867666)
3. Babu B V and Nayak A N. Footcare among lymphoedema patients attending filariasis clinic in south India: a study of knowledge and practice. *Annals Trop Med Parasitol.* 2003; 97(3):321-324. DOI: [10.1179/000349803235001705](https://doi.org/10.1179/000349803235001705)
4. Babu BV and Nayak A N. Treatment costs and work time loss due to episodic adenolymphangitis in lymphatic filariasis patients in rural communities of Orissa, India. *Tropical Medicine and International Health.* 2003; 8 (12): 1102-1109. DOI : [10.1046/j.1360-2276.2003.01146.x](https://doi.org/10.1046/j.1360-2276.2003.01146.x)
5. Babu BV and Satyanarayana K. Factors responsible for coverage and compliance in mass drug administration during the programme to eliminate lymphatic filariasis in the East Godavari District, South India. *Tropical Doctor.* 2003; 33:79-82. DOI: [10.1177/004947550303300208](https://doi.org/10.1177/004947550303300208)
6. Babu BV and Satyanarayana K. Healthcare workers' knowledge of lymphatic filariasis and its control in an endemic area of Eastern India: implications on control programme. *Tropical Doctor.* 2003; 33:41-42. DOI: [10.1177/004947550303300120](https://doi.org/10.1177/004947550303300120)
7. Bal MS, Beuria M.K, Mandal NN and Das M.K. Antigenemia is associated with low antibody response to carbohydrate determinants of a filarial surface antigen. *Parasite Immunology.* 2003; 25 (2): 107-111. DOI: [10.1046/j.1365-3024.2003.00604.x](https://doi.org/10.1046/j.1365-3024.2003.00604.x)
8. Bal MS, Beuria MK, Mandal, NN and Das, MK. Parasite antigenaemia and IgG4 antibodies to a filarial protease in an endemic human population in India. *J Helminthology.* 2003; 77: 287-290. DOI: [10.1079/joh2003198](https://doi.org/10.1079/joh2003198)
9. Balgir R S, Mishra R K and Murmu B. Clinical and Hematological profile of Hemoglobinopathies in two tribal communities of Sundergarh District in Orissa, India. *International J Human Genetics.* 2003; 3 940: 209-216. DOI: [10.1080/09723757.2003.11885854](https://doi.org/10.1080/09723757.2003.11885854)
10. Balgir RS. Morphological and Regional Variations in Body Dimensions of the Gujjars of Different Localities in North-Western India. *Anthropologischer Anzeiger.* 2003; 61(3): 275-285. PMID: 14524001
11. Beuria M K, Bal M S, Mandal N N and Das M K. Age dependent prevalence of asymptomatic amicrofilaraemic individuals in a Wuchereria bancrofti-endemic region of India. *Trans Royal Soc. Trop Med. Hygiene.* 2003; 97: 297-298. DOI: [10.1016/s0035-9203\(03\)90147-7](https://doi.org/10.1016/s0035-9203(03)90147-7)
12. Bulliyya G. Anthropometrically determined malnutrition among preschool children in an Integrated Child Development Services Block of Gajapathi district, Orissa. *Journal of Human Ecology.* 2003; 14(4): 291-296. DOI: [10.1080/09709274.2003.11905626](https://doi.org/10.1080/09709274.2003.11905626)
