

Dr. Beenu Joshi

University

Utkal University

Year of Award

1988

Ph.D. Guide:

Dr. Santosh Kumar Kar

Subject:

Immunology

Topic:

Immune response in human with *Wuchereria bancrofti* infection: detection of human and cellular response against parasite antigen

Dr. Amiya Nayak

University

Utkal University

Year of Award

1989

Ph.D. Guide:

Dr. Santosh Kumar Kar

Subject:

Immunology

Topic:

Some fascinating problems on the biochemistry and immunology of the mycobacteria

Dr. Namita Mohapatra

University

Utkal University

Year of Award

1990

Ph.D. Guide:
Dr. A. P. Dash

Subject:
Entomology

Topic:
Bionomics of Cx. Quinquefasciatus in relation to the development of Wuchereria bancrofti

Dr. Manoranjan Ranjit

University

Utkal University

Year of Award

1991

Ph.D. Guide:

Dr. A. P. Dash

Subject:

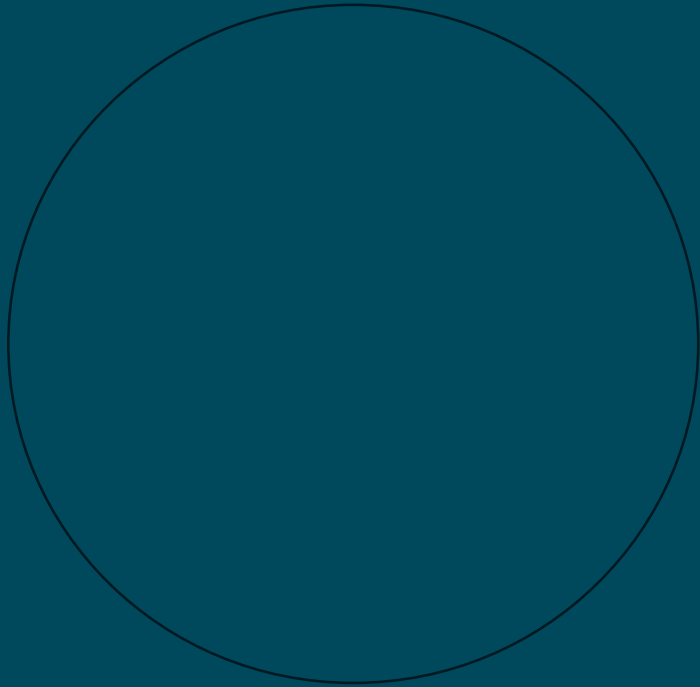

Entomology

Topic:

Influence of aphid extracts and some juvenoids on the development of mosquitoes

Dr. Mihir Kumar Beuria

University

Utkal University

Year of Award

1992

Ph.D. Guide:
Dr. M. K. Das

Subject:
Immunology

Topic:
Role of adjuvants in the immune response of parasitic antigens

Dr. Ashok Kumar Satapathy

University

Utkal University

Year of Award

1992

Ph.D. Guide:

Dr. B. Ravindran

Subject:

Immunology

Topic:

Studies on determinants involved in host-parasite interactions in mammalian malaria

Dr. Dasarathi Das

University

Utkal University

Year of Award

1992

Ph.D. Guide:

Dr. N. M. Pattanayak

Subject:

Biochemistry

Topic:

Filaricidals from plants: some biochemical and metabolic studies

Dr. Pramod Kumar Rana

University

Utkal University

Year of Award

1991

Ph.D. Guide:

Dr. N. M. Pattanayak

Subject:

Bio-Chemistry

Topic:

Characterization of insect haemolymph composition with particular reference to their action on *Wuchereria bancrofti* mf

Dr. Jayanti Mania

University

Utkal University

Year of Award

1992

Ph.D. Guide:

Prof. Haridas Dutta

Subject:

Zoology

Topic:

Studies on biochemical tissue composition of air breathing cat fish *clariasbrachus* (Linn) in relation to artificial seed and it's reflection as growth

Dr. Keshari Kunja Mohanty

University

Utkal University

Year of Award

1992

Ph.D. Guide:

Dr. V. R. Subramaniam

Subject:

Microbiology

Topic:

Characterization of filarial antigen in bancroftian filariasis

Dr. Tahaziba Hussain

University

Utkal University

Year of Award

1992

Ph.D. Guide:

Dr. B. Ravindran

Subject:

Immunology

Topic:

Immunological studies on antibodies to diethylcarbamazine with reference to filariasis

Dr. Ashok Kumar Praharaj

University

Utkal University

Year of Award

1994

Ph.D. Guide:

Dr. M. K. Das

Subject:

Immunology

Topic:

Human immune response to purified antigen in bancroftian filariasis

Dr. Bishnu Prasad Dash

University

Sambalpur University

Year of Award

1994

Ph.D. Guide:

Dr. M. K. Das

Subject:

Zoology

Topic:

Study of glucose metabolism in sickle haemoglobin containing human red blood cell.

Dr. Bibhuti Bhusan Pal

University

Utkal University

Year of Award

1996

Ph.D. Guide:

Dr. S. P. Bhunya

Subject:

Cyto-genetics

Topic:

Pesticides induced mammalian chromosome aberrations

Dr. Rupenangshu Kumar Hazra

University

Utkal University

Year of Award

1996

Ph.D. Guide:

Dr. A. P. Dash

Subject:

Entomology

Topic:

Mansonioides mosquitoes of Orissa with reference to filariasis

Dr. Madhusmita Bal

University

Utkal University

Year of Award

1996

Ph.D. Guide:

Dr. M. K. Das

Subject:

Immunology

Topic:

Immunochemical characterisation of some filarial antigen

Dr. Sangita Mukhapadhyaya

University

Utkal University

Year of Award

1996

Ph.D. Guide:

Dr. B. Ravindran

Subject:

Immunology

Topic:

Experimental filariasis in *Mastomys natalensis* : an immunological study.

Dr. Rajashree Mohapatra

University

Utkal University

Year of Award

1998

Ph.D. Guide:

Dr. A. P. Dash

Subject:

Entomology

Topic:

Comparative efficacy of aphids extracts and some juvenoids against the development of mosquitoes

Dr. Anil Kumar

University

Utkal University

Year of Award

1996

Ph.D. Guide:

Prof. AKPC Swain

Subject:

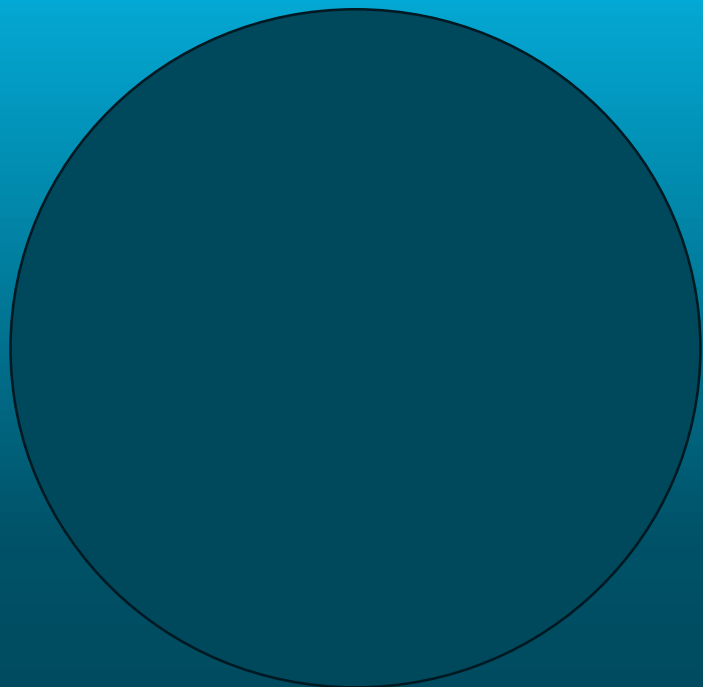

Statistics

Topic:

A statistical study of epidemiology of filariasis transmission in khurda district of Orissa

Dr. Sarat Kumar Parida

University

Utkal University

Year of Award

1999

Ph.D. Guide:

Dr. A. P. Dash

Subject:

Entomology

Topic:

Bionomics of *An. fluviatilis* with reference to malaria transmission in Orissa

Dr. Smaranika Pattanaik

University

Utkal University

Year of Award

1999

Ph.D. Guide:
Dr. C. R. Kole

Subject:
Microbiology

Topic:
Studies on Antimicrobial activities of essential oil

Dr. Saswati Rup

University

Utkal University

Year of Award

1999

Ph.D. Guide:

Dr. A. P. Dash

Subject:

Entomology

Topic:

Bio-efficacy and persistence of *B. spharicus* as a mosquito larvicide in filarial endemic region of Orissa

Dr. Banamber Sahoo

University

Utkal University

Year of Award

2000

Ph.D. Guide:

Dr. B. B. Shukla

Subject:

Lib. & Information Science

Topic:

Bibliometric analysis of scientific productivity of Biomedical and Health Science Journals in India

Dr. Utkal Laxmi Mohanty

University

Utkal University

Year of Award

2000

Ph.D. Guide:

Dr. A. P. Dash

Subject:

Entomology

Topic:

Mosquitocidals from plants: their bioactivity and efficacy

Dr. Amarendra Mohapatra

University

Utkal University

Year of Award

2000

Ph.D. Guide:
Dr. P. K. Das

Subject:
Anthropology

Topic:
Anthropological perspectives of Filariasis

Dr. Chandi Charan Rath

University

Utkal University

Year of Award

2000

Ph.D. Guide:

V. R. Subramanyam

Subject:

Microbiology

Topic:

Studies on Thermo toletant microbe isolated from hot spring of Orissa

Dr. Prakash Kumar Sahoo

University

Kalyani University

Year of Award

2001

Ph.D. Guide:

Dr. B. Ravindran

Subject:

Immunology

Topic:

Studies on parasite cytotoxic factors in human malaria

Dr. Madhuchhanda Mohanty

University

Utkal University

Year of Award

2001

Ph.D. Guide:

Dr. B. Ravindran

Subject:

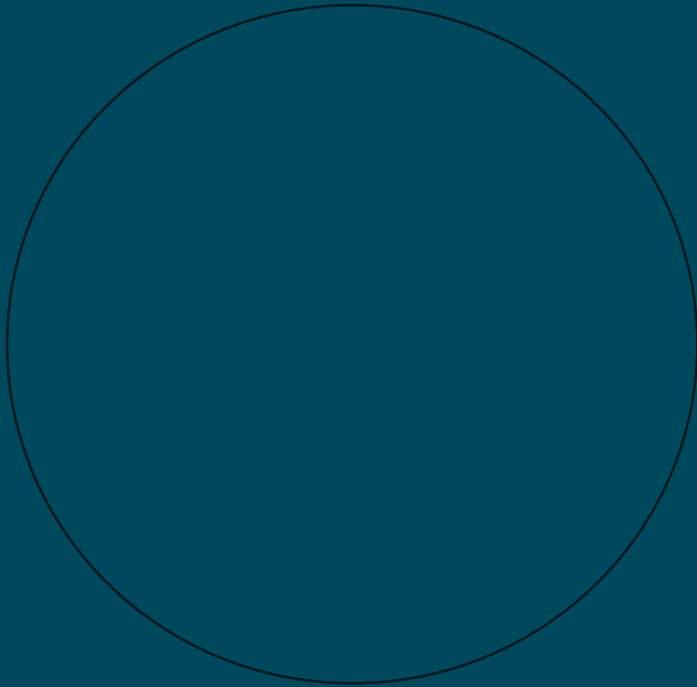

Immunology

Topic:

Studies on the protective immune response in filariasis

Dr. Manisa Mohapatra

University

Utkal University

Year of Award

2002

Ph.D. Guide:

Dr. G. P. Chhotray

Subject:

Medicine

Topic:

A comprehensive study on lymphatic filarisis : A clinic-pathological perceptive in an endemic area of Orissa, India

Dr. Ardhendu Sekhar Acharya

University

Utkal University

Year of Award

2002

Ph.D. Guide:
Prof. K. Dutta

Subject:
Statistics

Topic:
Sequential estimation of genetic parameters and its applications

Dr. Bidyut Kumar Dash

University

Utkal University

Year of Award

2003

Ph.D. Guide:

Dr. B. Ravindran

Subject:

Immunology

Topic:

Immunological study on human and experimental malaria

Dr. Arun Kumar Swain

University

Utkal University

Year of Award

2003

Ph.D. Guide:

Dr. A. P. Dash

Subject:

Zoology (Forensic Entomology)

Topic:

Insects in the detection of crime in Orissa

Dr. Nityananda Mandal

University

Utkal University

Year of Award

2007

Ph.D. Guide:
Dr. M. K. Das

Subject:
Immunology

Topic:
Studies on the immuno protective potential of detergent soluble and lipid antigens of filarial parasite in lymphatic filariasis

Dr. Hemanta Kumar Khuntia

University

Utkal University

Year of Award

2008

Ph.D. Guide:

Dr. G. P. Chhotray

Subject:

Microbiology

Topic:

Molecular epidemiological analysis of *Vibrio cholerae* associated with epidemic and endemic cholera in coastal and tribal districts of Orissa

Dr. Bikash Ranjan Sahu

University

Utkal University

Year of Award

2008

Ph.D. Guide:

Dr. B. Ravindran

Subject:

Immunology

Topic:

Role of antibody in protective immunity in human and experimental filariasis

Dr. Sunanda Garabadu

Ph.D. Guide:
Dr. N. Mahapatra

Subject:
Zoology

Topic:
Role of migratory population and environmental factors
pertaining to malaria transmission in and around
Bhubaneswar

University

Utkal University

Year of Award

2009

Dr. Amitabh Mohanty

University

Utkal University

Year of Award

2009

Ph.D. Guide:
Dr. R. K. Hazra

Subject:
Zoology

Topic:
Study on the risk factors for persistence of malaria through molecular analysis of the parasite and the vector

Dr. Anamika Das

University

Kalyani University

Year of Award

2010

Ph.D. Guide:

Dr. M. R. Ranjit

Subject:

Zoology

Topic:

Clinical malaria: association of CD36 gene polymorphism and P.falciparum genotypes

Dr. Prajyoti Sahu

University

Utkal University

Year of Award

2012

Ph.D. Guide:

Dr. S. K. Kar

Subject:

Zoology

Topic:

Molecular Epidemiological Distribution of HBV, HCV Infection Among Acute and Chronic Hepatitis Cases in Orissa

Dr. Sudhansu Sekhar Nishank

University

Utkal University

Year of Award

2011

Ph.D. Guide:

Dr. G. P. Chhotray

Subject:

Biotechnology

Topic:

Molecular characterization of β thalassaemia and its clinical significance in Orissa

Dr. Asima Tripathy

University

Utkal University

Year of Award

2012

Ph.D. Guide:

Dr. N. Mahapatra

Subject:

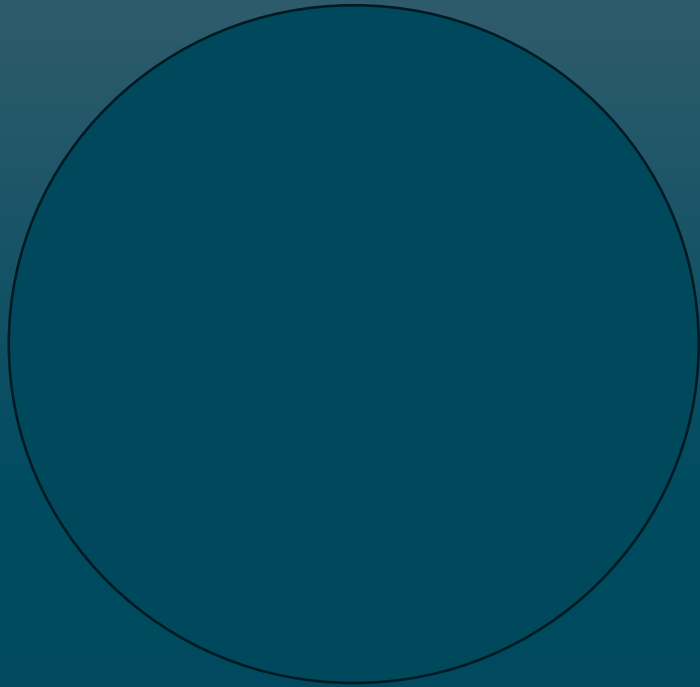

SRF (ICMR)

Topic:

Factors affecting the vectorial competence of anopheles vectors in Orissa and its impact in Malaria

Dr. Upasana Sahu

University

Kalyani University

Year of Award

2012

Ph.D. Guide:

Dr. M. R. Ranjit

Subject:

SRF (ICMR)- Completed

Topic:

Role of microparticles and ABCA1 transporter in the pathogenesis of cerebral malaria

Dr. Sunita Swain

University

Utkal University

Year of Award

2012

Ph.D. Guide:

Dr. R. K. Hazra

Subject:

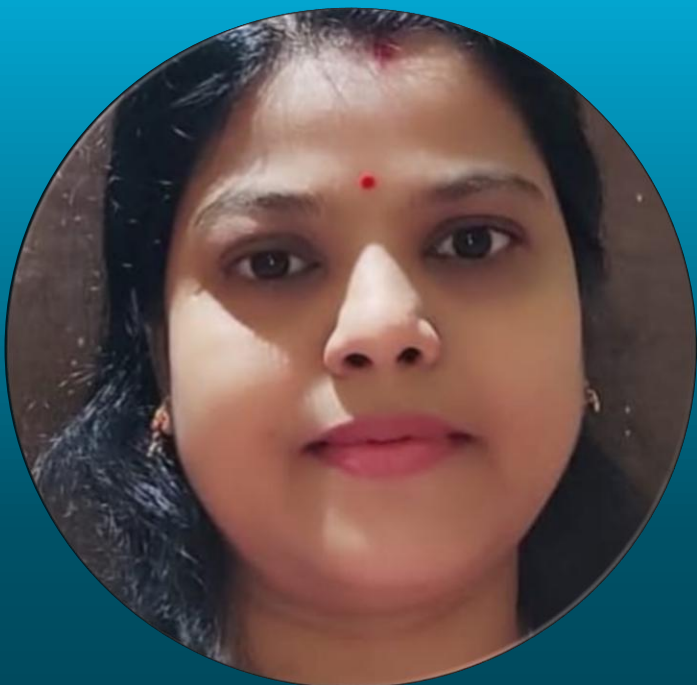

SRF (ICMR)

Topic:

Molecular analysis of different anophelines and their vectorial attributes in different geographical regions of Orissa.

Dr. Swati Kumari

University

Utkal University

Year of Award

2013

Ph.D. Guide:

Dr. N. Mahapatra

Subject:

Zoology

Topic:

Molecular Identification of *Anopheles subpictus* and its role in malaria transmission in different eco- zones of Orissa, India

Dr. Gunanidhi Dhandamajhi

University

Utkal University

Year of Award

2013

Ph.D. Guide:

Dr. M. R. Ranjit

Subject:

Zoology

Topic:

Role of NO in the pathogenesis of severe Plasmodium falciparum malaria

Dr. Ronaly Rout

University

Kalyani University

Year of Award

2013

Ph.D. Guide:

Dr. M. R. Ranjit

Subject:

Zoology

Topic:

Molecular mechanism of rosetting in severe falciparum malaria

Dr. Buli Panigrahi

University

Utkal University

Year of Award

2014

Ph.D. Guide:

Dr. N. Mahapatra

Subject:

Zoology

Topic:

Risk Factors associated with the spread of Malaria in Rengali left bank Canal system of Orissa

Dr. Suchismita Behera

University

Berhampur University

Year of Award

2014

Ph.D. Guide:

Dr. G. Bulliyya

Subject:

Nutrition

Topic:

Study on micronutrients malnutrition with special reference to vitamin A and its associations with other major trace elements among children in Orissa

Dr. Biswadeep Das

University

Utkal University

Year of Award

2014

Ph.D. Guide:

Dr. R. K. Hazra

Subject:

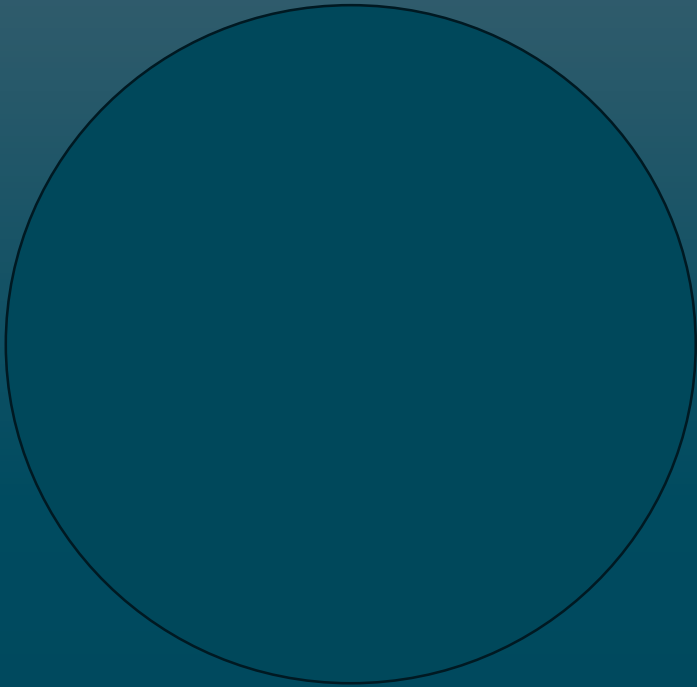

Life Science

Topic:

Bionomics and molecular studies of Aedes vectors prevalent in various parts of Orissa with reference to arboviral disease.

Dr. Sasmita Das Sutar

University

Utkal University

Year of Award

2015

Ph.D. Guide:

Dr. M. R. Ranjit

Subject:

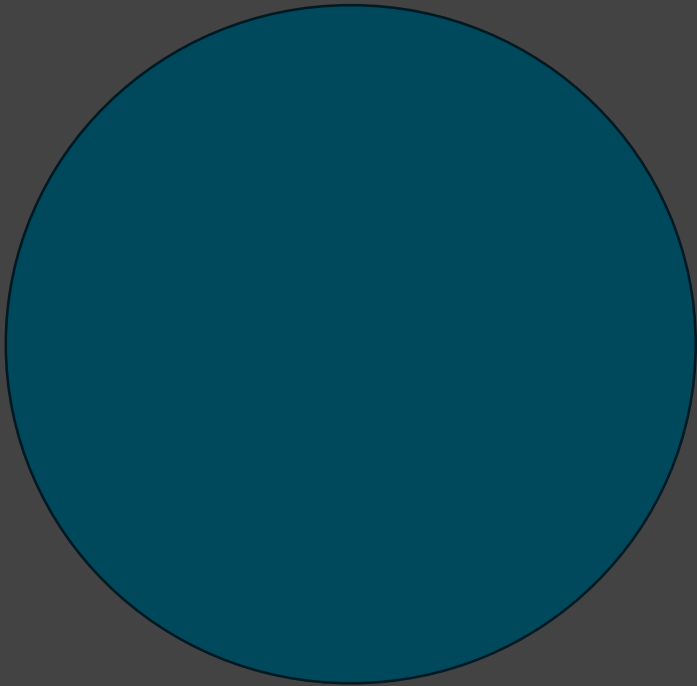

Zoology

Topic:

Origine and spread of drug resistance gene in P Phalcipaum population of Orissa

Dr. P. G. S. Sethy

University

Utkal University

Year of Award

2015

Ph.D. Guide:
Dr. G. Bulliyya

Subject:
Zoology

Topic:
Protein energy malnutrition in association with micronutrients deficiency of public health significance

Dr. Biswaranjan Purohit

University

Utkal University

Year of Award

2015

Ph.D. Guide:

Dr. A. Mahapatra

Subject:

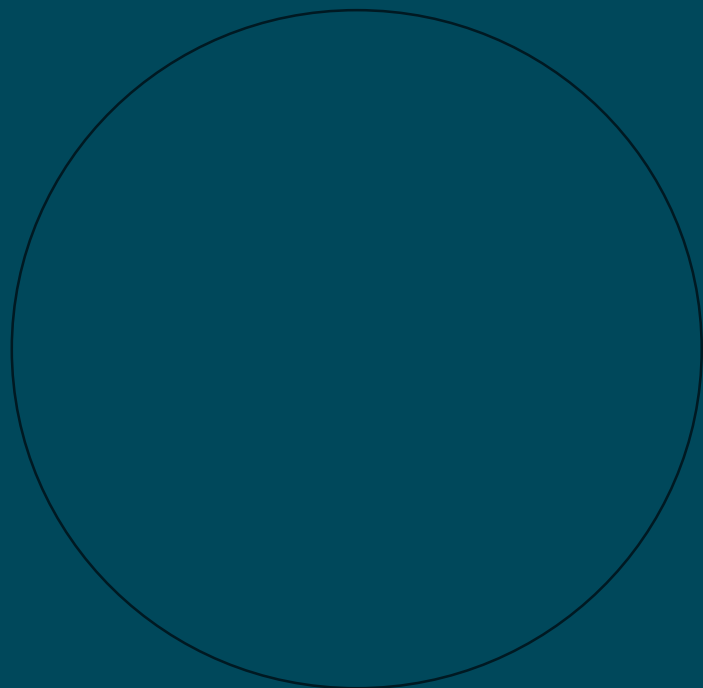

Anthropology

Topic:

Malaria Preventive Intermittent Treatment of Chloroquine among the Pregnant Women- an Anthropological Perspective

Dr. Rashmi Mishra

University

Utkal University

Year of Award

2016

Ph.D. Guide:

Dr. A. K. Sathpathy

Subject:

Immunology

Topic:

Role of B-1 lymphocytes and autoantibodies in human lymphatic filariasis

Dr. K Gopinath Achary

University

Utkal University

Year of Award

2016

Ph.D. Guide:

Dr. A. K. Sathpathy

Subject:

Immunology

Topic:

Investigation on the effect of maternal infection on hormonal and cellular immune responses of neonates in lymphatic filariasis

Dr. Manisha Patnaik

University

KIIT University

Year of Award

2016

Ph.D. Guide:

Dr. M. R. Ranjit

Subject:

Genetics

Topic:

Studies on Genetics aspects of essential hypertension among the natives of Odisha.

Dr. Eileena Mohanty

University

Utkal University

Year of Award

2018

Ph.D. Guide:
Dr. B. Dwibedi

Subject:
Biotechnology

Topic:
Characterisation of rotavirus strains in Odisha based on VP8 region: a possible additional candidate for new rotavirus vaccine.

Dr. Animesha Rath

University

KIIT University

Year of Award

2019

Ph.D. Guide:

Dr. R. K. Hazra

Subject:

Biotechnology

Topic:

Biological characterization of Aedes albopictus and its role in transmission of Dengue in Odisha.

Dr. Prakasini Satapathy

University

KIIT University

Year of Award

2020

Ph.D. Guide:

Dr. D. Das

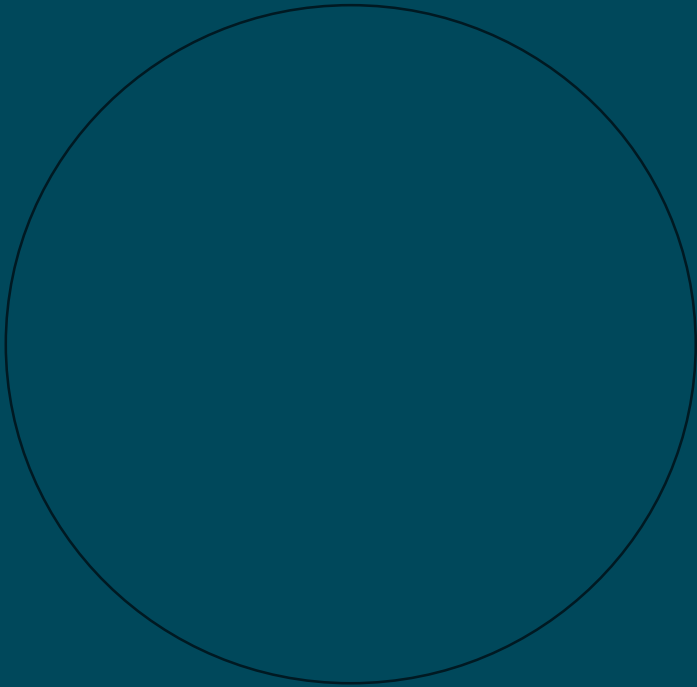

Subject:

Topic:

Molecular Characterization of Mycobacterium tuberculosis isolated from pulmonary tuberculosis cases of Odisha.

Dr. Bhagya Laxmi Biswal

University

KIIT University

Year of Award

2020

Ph.D. Guide:

Dr. S. K. Kar

Subject:

Biotechnology

Topic:

Distribution, antibiogram and virulence of etiological agents associated with Acute Respiratory Infection among the children below five years age in tribal and coastal areas of Odisha.

Dr. Anima Mohanty

University

KIIT University

Year of Award

2020

Ph.D. Guide:

Dr. B. B. Pal

Subject:

Microbiology

Topic:

Prevalence and genetic diversity of *Staphylococcus aureus* associated with hospitalized septic patients from Odisha.

Dr. Mahendra Panda

University

Utkal University

Year of Award

2021

Ph.D. Guide:

Dr. A. Mahapatra

Subject:

Anthropology

Topic:

Problems in Endemic Malaria and intervention strategy among the people of KBK districts of Odisha: An Anthropological Study.

Dr. Ipsita Mohanty

University

Utkal University

Year of Award

2021

Ph.D. Guide:

Dr. R. K. Hazra

Subject:

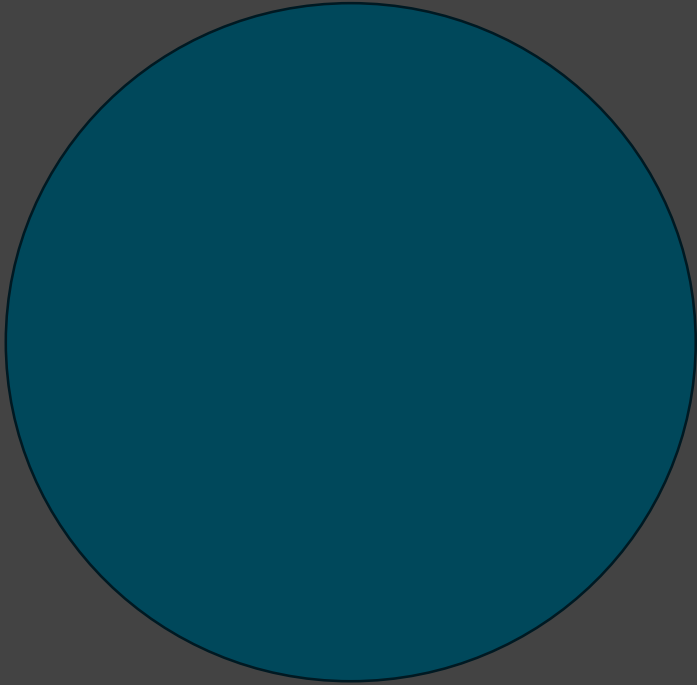

Zoology

Topic:

Epidemiological and entomological profile of malaria in a hyper, meso and hypo-endemic district of Odisha, India.

Dr. Nitika Pradhan

University

Utkal University

Year of Award

2021

Ph.D. Guide:

Dr. R. K. Hazra

Subject:

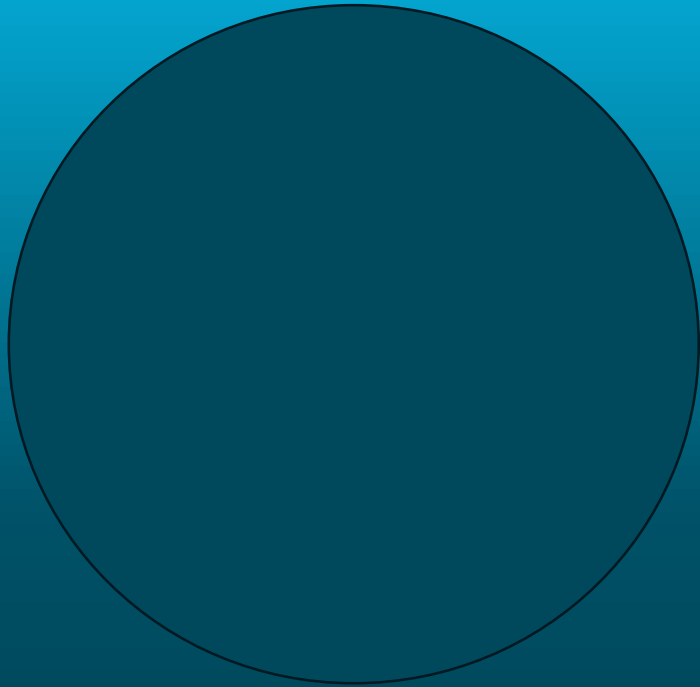

Biotechnology

Topic:

Role of Wolbachia in aedes mosquitoes and its effect in transmission of dengue and chikungunya.

Dr. Debjani Lenka

University

Utkal University

Year of Award

2021

Ph.D. Guide:

Dr. A. Mahapatra

Subject:

Anthropology

Topic:

Impact of reconstructive surgery in reducing stigma among leprosy patients , Sonepur districts.

Dr. Bipasa Kar

University

KIIT University

Year of Award

2022

Ph.D. Guide:

Dr. D. Bhattacharya

Subject:

Zoology

Topic:

Identification of phyto-compounds as anti-microbials against beta-lactamase producing gram-negative bacteria.

Dr. Swatishree Pany

University

Utkal University

Year of Award

2023

Ph.D. Guide:

Dr. B. B. Pal

Subject:

Microbiology

Topic:

Profiling of virulent genes of major etiological agents isolated from chronic wound ulcers among patients with diabetes.

Dr. Smruti Ranjan Nayak

University

Utkal University

Year of Award

2023

Ph.D. Guide:

Dr. B. B. Pal

Subject:

Microbiology

Topic:

Phenotypic and genotypic characterization of Vibrio cholera O1 including EI Tor variants isolated from diarrhea patients and water samples from tribal areas of Odisha.
